PROFILE SUMMARY

I am a Frontend Developer passionate about designing engaging and intuitive user interfaces. Proficient in HTML, CSS, JavaScript, and React, I focus on creating responsive and visually appealing web applications. With a collaborative mindset and a commitment to continuous learning, I thrive in dynamic environments and am eager to contribute to innovative projects while further enhancing my skills in frontend development.

PROJECT

Project Name : Expense Tracker

- The Expense Tracker is a web application I created to help users manage their finances effectively. Built with React.js and styled using Tailwind CSS, this application provides a responsive user experience. It allows individuals to track their income, expenses, and savings in real-time, empowering them to make informed financial decisions.
